## HAWAII BAPTIST ACADEMY SUMMER SCHOOL

**Hawaii Baptist Academy**, a college preparatory school, offers a quality Summer School program for students entering grades Kindergarten through 12. Summer School courses are designed to accommodate the varied needs of students: academic and social preparation for entrance into HBA's regular school session, instruction or remediation in specific skill areas, and personal growth through enrichment or recreational classes.

HBA is committed to providing academic excellence in a safe and nurturing Christian environment. We are proud of our team of dedicated teaching professionals, many of whom are from HBA's own faculty. Students from the community are welcome to join members of its student body in a stimulating learning experience this summer.

A quality Summer Adventures (summer fun) program is also offered to Elementary students entering grades Kindergarten through 6, with three sessions available to accommodate childcare needs. A variety of activities are scheduled, including weekly field trips, arts and crafts, science and nature, music and movement, sports and games, and presentations by community organizations and local personalities.

*Hawaii Baptist Academy does not discriminate on the basis of race, color, national and ethnic origin, gender, or disability in areas of admissions, financial aid, athletics, and other school-administered programs.*

# SUMMER SCHOOL (Grades K–12)

## Registration and Payment

### ONLINE REGISTRATION

We are pleased to offer the convenience of secure online registration and payment. Payment can be made by credit card or eCheck. Please visit HBA's website ([www.hba.net](http://www.hba.net)) and click the Summer School feature photo box on the homepage; this link will take you directly to the Summer School webpage which provides detailed information for online registration. We are accepting only online registration and payment. If you are unable to register and/or submit payment online, please call for assistance: **Supplemental Programs @ 545-4485.**

#### For Current and newly-accepted HBA students:

- HBA priority registration from March 28–April 9
- Log in with your assigned User Name and Password in My BackPack
- **Important—please do not create another account if you were assigned a User Name and Password in My BackPack; doing so will delay processing of your registration**
- Follow instructions on website to complete online registration

#### For Guest students (non-HBA) who were enrolled in Summer School between 2011 - 2016:

- Open registration: April 10–28 deadline
- Log in with your User Name and Password
- **Important—please do not create another account if you were assigned a User Name and Password in My BackPack; doing so will delay processing of your registration**
- Follow instructions on website to complete online registration

#### For Guest students (non-HBA) who were not enrolled in Summer School between 2011 - 2016:

- Open registration: April 10–28 deadline
- You will need to create a My BackPack account by following instructions on website.

#### If You Forgot My BackPack User Name or Password:

- Click on 'I Forgot User Name/Password' at login
- Type in your email address
- Your User Name and a temporary password will be emailed to you

### TUITION AND FEES

Full tuition payment must accompany the registration form upon submission. Tuition fees per course appear with each course description. Payment may be made by credit card or eCheck. Tuition for elementary classes includes all instructional materials and supplies unless specified otherwise. Tuition for middle/high school courses include instructional materials, lab/class supplies, and activity fees unless specified otherwise. A \$30 late fee will be applied to registrations accepted after the deadline of April 28.

### FINAL DEADLINE

No registration will be accepted after May 26.

### SCHEDULE CHANGES

**Parents must request schedule changes only by phone or email (adding/substituting classes, time changes), as no changes will be accepted online after original registration forms have been submitted.** A \$30 fee per program change will be assessed for those that have been approved. **If changes are attempted online, they may cause duplicate registration forms, errors in database, and/or be rejected.** Course changes will not be allowed after May 26. Fee also applies to Summer Adventures program.

### WITHDRAWALS/REFUNDS

Parents must notify Supplemental Programs by phone or email to request partial or complete withdrawals from courses. Refund schedule is as follows:

- 75% refund through May 26
- 50% refund through June 2
- No refunds after June 2
- Summer Adventures program—see *catalog* for dates.

Refunds may take two–three weeks to process.

Middle/High School Students: The Summer School refund policy as stated above will still apply for withdrawal from a Summer School course due to class schedule change(s) for the upcoming school year.

Hawaii Baptist Academy reserves the right to withdraw its acceptance of a Summer School student's application for enrollment, for any reason or no reason at all, prior to the first school day of the summer session. In the event your acceptance is withdrawn, you will receive full reimbursement of any tuition payment made.

**CONFIRMATION / CORRESPONDENCE**

Course confirmation letters, classroom/teacher assignments, and general information will be sent only to the summer mailing address provided on the registration form during the week of May 8, 2017. Other correspondence (report cards, etc.) will also be mailed to the same address.

**OUT-OF-STATE STUDENTS**

Out-of-state (U.S. mainland, international) and homeschool students must submit a physical examination record with current immunizations and TB clearance (performed by a U.S. licensed physician) completed within the past 12 months prior to the first day of Summer School. Record must be received within a week after submitting online registration to complete the process. **International students must have a local contact with phone number and address listed on registration form as “Primary Household” and current address as “Secondary Household”.** Proficiency in English is required.

**PERMISSION FOR USE OF LIKENESS**

Photographs, slides, film, video, digital photos and other visuals of students, faculty, staff and administration are taken on campus of Summer School activities. Some of these are subsequently used by the school in publications, promotional materials, and electronic media. By enrolling in the Summer School program, students and parents give permission for their likenesses and names to be used in this manner.

## ELEMENTARY CAMPUS

### Entering Grades K–6

**HBA's Elementary Summer School** offers programs for students entering Kindergarten through sixth grade. The Kindergarten program is designed to prepare four and five-year olds for school in the fall. Incoming first graders are accommodated in self-contained, age-appropriate classes. Students entering grades 2 through 6 have the opportunity of selecting two classes from a variety of academic, enrichment, and recreational classes. Summer review classes are also available for HBA students who require reinforcement and supplemental instruction on previous work in the subject areas of math, reading, and writing. Enrollment in these classes is offered only to HBA students who have been recommended by their teachers and approved by the principal, or by Elementary Admissions.

## ELEMENTARY SUMMER SCHOOL

### General Information

June 15–July 7

Classes are held daily from 8:00–9:40 a.m. and 10:00–11:40 a.m. (recess 9:40–10:00 a.m.) A school security guard is on duty at 6:30 a.m. Students may be dropped off no earlier than this time. Children must be picked up by 12:00 (noon) unless enrolled in the Summer Adventures program. The pick-up and drop-off sites are supervised before and after school from 6:30–7:50 and 11:40–12:00.

#### ABSENCES AND TARDINESS

Parents or guardians should report any absences to the Supplemental Programs Office (545-4485) by 8:00 a.m. Tardy students who arrive after 8:00 will go to the front office (ent. Gr. K-6) or to the Supplemental Programs Office (ent. Gr. 4-6). For absences known ahead of time, an email or written note of absence should be sent to the Supplemental Programs Office. Missed work due to absences may be requested directly from teachers upon students' return to school. **Work will not be given in advance.**

#### LATE PICKUPS

Students who are not picked up by their parents by 12:00 (noon) will be sent to the Supplemental Programs Office. Parents will be charged a late fee of \$10 for the first half-hour between 12:00–12:30 and \$20 for each half-hour after 12:30 (or any fraction thereof). Payment is due at time of pick-up.

#### BEHAVIOR

All students are expected to behave appropriately inside and outside of the classrooms, showing respect and courtesy to fellow students and adults. Students who have difficulty adjusting to the social climate of the school will be counseled.

#### RECESS AND SNACK BAR

Recess is scheduled from 9:40–9:55 daily. Snack bar services are available during recess. Kindergarten students are served daily snacks in class. All other students may bring food from home or purchase items at the snack bar. The concession is open for lunch from 11:40–12:15 for students enrolled in afternoon programs. Snack and lunch items generally range in price from \$1.00 to \$4.00. Limited breakfast service may be available from 7:00 to 7:45. Cash (for guest and new HBA students) and HBA student IDs will be accepted as payment.

#### DRESS CODE

An important part of the developmental process is learning that one's appearance must fit the occasion and purpose of the activity. People express themselves through their attire, and must be aware that their actions and the actions of those around them are simultaneously affected by their appearance. Thus, the goal of the dress standard is to promote a positive, distraction-free learning and social environment. Accordingly, students are expected to present themselves in a manner that is appropriate for Summer School. Each person is expected to maintain an overall appearance that is clean and neat and represents the values and standards of our school.

HBA uniforms are not required to be worn during Summer School. All students are required to wear shoes or sandals. Slippers are not permitted. Refer to dress code that will be posted online.

**REPORT CARDS**

Report cards that provide evaluations of students' progress will be mailed within two to three weeks after the completion of Summer School. To request a copy of a report card to be mailed to another school, please call the Supplemental Programs Office or send a written request.

Teachers may send academic and/or behavior progress reports to parents at any time as the need arises during Summer School.

**HEALTH CARE SERVICES**

Health care services are available to students who are injured or become ill during school hours. The health room is staffed by a school health aide. Parents must include their child's medical conditions and allergies on registration form. Students are not allowed to carry and/or administer their own medications, including prescribed and OTC.

**PARENT-TEACHER CONFERENCES**

Conferences may be scheduled with your child's teacher by calling the Supplemental Programs Office (545-4485). Teachers may also schedule conferences with parents to discuss students' progress.

**SMOKING, DRINKING, OR DRUGS**

Smoking is prohibited anywhere on the HBA campus. Use of or possession of tobacco (any form), alcoholic beverages, or drugs on campus or on field trips is forbidden. Violation of this rule may result in dismissal.

**VISITORS**

Students may not bring other children to school as visitors. We request all adult visitors to register with the security guard in the parking lot or at the Supplemental Office.

# KINDERGARTEN PROGRAM

## Rhyme Time

For Students Entering Grade: Kindergarten Time: 8:00–11:40

This summer Kindergarten program is designed to enhance students' social development, work habits, and readiness as they enter into a Kindergarten program in the fall. An integrated curriculum of pre-writing, pre-reading, and pre-math skills is introduced to foster stronger achievement during the new school year. Individual growth and group responsibility are nurtured through engaging activities. Nutritious morning snacks are provided daily. This program is licensed by the Department of Human Services.

**TUITION: \$430**

Priority enrollment is offered to newly-accepted (incoming) HBA Kindergarteners during the priority registration period. Wait-listed HBA K's are welcome to register during the open registration period. Non-HBA K's may also register during open registration and may be accepted based on available openings.

### Age requirements for incoming K's:

The age of five (5) must be reached by September 30 for girls and by June 30 for boys of the current year.

### Health requirements:

Newly-accepted and incoming K's enrolled in our summer program must submit an HBA Student Health Record (yellow form) that documents a physical exam with current immunizations and TB clearance completed not more than one year (12 months) prior to the first day of Summer School. Non-HBA K students must also submit a student health record with the same requirements as stated above. **Required health records must be received in order for students to attend Summer School. The deadline is May 12.**

### Parent/Student Orientation:

**A mandatory parent/student orientation will be on Wednesday, June 14, 5:00p.m.** Kindergarteners must attend with at least one parent. More information will be given with the mailed confirmation letter.

Introduction of faculty, daily schedule and procedures, check in/out policy (parent or other adult must sign in child each morning between 7:30 and 7:55 am), etc. will be shared.

# FIRST GRADE PROGRAM

## Fantastic First

For Students Entering Grade: 1 Time: 8:00–11:40

Incoming first graders will be exposed to a variety of thematic children's literature and grade-level readers. Reading, writing and math skills will be reinforced in this self-contained, all-morning class. Reading skills will include retelling and identifying main characters, setting, and major events in a story. Writing complete sentences using a growing vocabulary will be practiced. Math skills will include addition, subtraction, graphing, measurement, and simple fractions. Science will be integrated through engaging hands- on projects. Art and cooking will be incorporated to make this a fantastic summer of enrichment. This class is highly recommended for newly-accepted HBA first graders in the fall.

**TUITION: \$430**

## Reading/Phonics Review I

For Students Entering Grade: 1 Time: 8:00–11:40

Phonemic awareness, decoding, recognition of high frequency words, and developing oral reading fluency will be emphasized to prepare incoming first graders with critical reading skills. Enrichment activities in other subject areas such as science and art will be integrated to provide a variety of learning experiences in this all-morning class. Enrollment is offered only to current or newly accepted HBA students who have been recommended by their teachers and approved by the principal, or by Elementary Admissions.

**TUITION: \$430**

## GRADES 2-6 PROGRAM

*Classes for this summer program are scheduled at 8:00-9:40 and 10:00-11:40 a.m. Students must select TWO CHOICES from the following academic, enrichment, and recreational classes. Each class is one hour and forty minutes in length.*

TUITION: \$430 FOR TWO CLASSES

### COMPUTER

#### Coding FUNdamentals

For Students Entering Grades:	Time:
2-3	10:00-11:40
4-6	8:00-9:40

The knowledge of computer science provides opportunities for students to succeed in today's high-tech world. In this basic course, students will learn 21st century skills that will be transferrable to virtually any future career. Concepts/skills will include algorithms, computing practice, programming, data, problem solving, and digital citizenship. Each day will include a blend of online and "unplugged" coding activities to challenge students to learn and practice fundamental computing concepts while having fun in the process. Technology tools may include, but are not limited to various online tutorials and iOS apps. Students will document their learning by creating an eBook with photos, videos, and writing projects throughout the course. No prior programming experience is required.

#### Robotics

For Students Entering Grades:	Time:
5-6	10:00-11:40

Design and build robots that can solve given challenges with LEGO MINDSTORMS® NXT sets. Use creativity, logic, and problem-solving skills to meet these tasks as a team. Develop STEM concepts (science, technology, engineering, math), including programming and the use of sensors.

#### WeDo™ Robotics

For Students Entering Grades:	Time:
2-4	8:00-9:40

Young engineers and scientists will be actively challenged to invent their own solutions by building LEGO® models and programming them to perform certain tasks. Models remain tethered to computers so students can test and adjust their programming as many times as needed. Themes will include Adventure Stories, Wild Animal Park, Mechanical Toys, and Soccer. A broad range of curriculum areas will be stimulated, including: science/engineering (building simple machines), technology, (programming) math (calculating variables), and language (writing/interpreting). This

WeDo™ program creates a clear link between the virtual and real worlds.

### FINE ART

#### Animation Fantastic: From Viewmasters to Virtual Reality

For Students Entering Grades:	Time:
2-3	8:00-9:40
4-6	10:00-11:40

This new twist on learning animation includes lessons on what makes the 3D effect. With hands on experiences of classic Viewmaster devices to modern smartphone virtual reality headsets, students will be immersed in 3D worlds and then understand how they are created. They will have a chance to create their own stereographic images with their clay character creations. This workshop will also explore hand drawn and stop motion animation techniques, as students work on creating their own original animation through drawing and sculpting with clay. Students will experience the early animation devices that led to modern techniques while working on approaches to cartoon character drawing. Your child's animation and digital resources will be available for download. This course is taught by Dan Boulos, a former Disney, Warner Bros. and Dreamworks animator for the classic films *Beauty and the Beast* and *Space Jam*. He is head of the animation program at the UH Mānoa.

#### Art Studio Exploration

For Students Entering Grades:	Time:
2-3	10:00-11:40
4-6	8:00-9:40

From pencil and paint to pipe cleaners and plastic, young artists will emerge through experimentation with traditional and nontraditional mediums. Artists will be encouraged to play and learn to discover a lifelong enjoyment of art. Their journey will include drawing and painting, papermaking (older class only), sculpture and recycle art projects. Instructor Fran Fong received her BFA from the California College of the Arts and teaches art in Windward Oahu. Examples of her students work can be found at [www.facebook.com/AfterSchoolArtStudio](http://www.facebook.com/AfterSchoolArtStudio).

#### Improv in Literature

For Students Entering Grades:	Time:
2-3	8:00-9:40

Can you imagine how it felt for the boy in *Alexander and the Terrible, Horrible, No Good, Very Bad Day*? What was it like to hear the barn animals typing all night in *Click, Clack, Moo: Cows that Type*? How crazy was it when *The Cat in the Hat* messed up the entire house? Students will experience dance and theater by exploring different ways to interpret a story and express their

thoughts through improvisational exercises, vocals and movement.

## Musical Theatre

For Students Entering Grades:  
4-6

Time:  
10:00–11:40

Have you ever seen the musical *Annie*? Have you ever dreamt of being in a play like *Peter Pan*? By studying songs from Musical Theatre, and improvisational games, students will have the opportunity to express themselves through singing. Script and music will be explored to help students better understand and communicate meaning. Actual portions of musicals will be watched with the intent of observing how and why music is vital to a show and how songs are used and performed. Students may showcase their talents in a Summer School chapel service.

## LANGUAGE ARTS

**Common Core reading and writing skills/concepts are reinforced and/or extended in most of these classes.**

### Reading & Art 2

For Students Entering Grade:  
2

Time:  
8:00–9:40

Join the adventures of *Nate the Great*, the boy detective in this popular children’s series, as he sets out to uncover several mysteries in his neighborhood. Oral reading fluency, vocabulary, determining the lessons and sequence of events of the story, and retelling key information will be developed. In addition, a selection of quality children’s literature will also be read and discussed. Art projects, such as painting, drawing, collage, paper and clay sculptures, will offer creative expression of story themes.

### Reading & Art 3

For Students Entering Grade:  
3

Time:  
10:00–11:40

Nick seems to be able to come up with ideas to liven things up at school. When he learns some interesting information about how words are created, he devises a plan to call a pen a “frindle.” Read about the hilarious effects on the entire school in this popular children’s novel, *Frindle*. Skills of determining main ideas, oral reading fluency, writing in different styles, following rules of punctuation and grammar will be developed. In addition, a selection of quality children’s literature will also be read and discussed. Art projects, such as painting, drawing, collage, paper and clay sculptures, will offer creative expression of story themes.

## Reading & Writing Enrichment 4

For Students Entering Grade:  
4

Time:  
8:00–9:40

Winn-Dixie is a scruffy dog with a big smile that was adopted by a shy ten-year-old girl named Opal. He helps Opal to make new friends in a small town in Florida where she has just moved with her preacher father. The bond between her and the dog, as well as the new friendships that they make, help to ease the loneliness that Opal feels without her mother. Skills of comparing ideas, characters, events, and settings, and writing summaries or opinions will be developed. Other subject areas may be integrated with related projects, such as art, science, and social studies, to enhance the study of this Newbery Honor book, *Because of Winn-Dixie*.

## Reading & Writing Enrichment 5/6

For Students Entering Grades:  
5–6

Time:  
8:00–9:40

Orphaned at the age of three, Jeffrey Lionel McGee, becomes known as legendary “Maniac Magee” after he stumbles upon a town that is divided by race. In Jeffrey’s search for a place to belong, he astonishes a town with his amazing ability to outrun dogs, hits an inside-the-park “frog” homer, and helps kids from the East Side unite with kids from the West Side. Skills of quoting/citing accurately from the text when explaining a story and drawing inferences, determining main ideas/themes, summarizing, comparing/contrasting characters, settings and events, will be developed through this humorous, modern-day tall tale and Newbery Medal book *Maniac Magee* by Jerry Spinelli.

## Reading & Writing Review 2

For Students Entering Grade:  
2

Time:  
8:00–9:40

A strong phonics review is provided to help students master basic phonetic concepts to improve overall achievement in reading. Reading skills will include retelling, identifying the main idea and characters, setting, conflict, resolution, major events, and asking pertinent questions about a story. Capitalization, punctuation, basic parts of speech (nouns, verbs, adjectives) are reinforced while writing complete sentences. Enrollment is offered only to HBA students who have been recommended by their teachers and approved by the principal.

### Reading & Writing Review 3

For Students Entering Grade: 3 Time: 10:00–11:40

Reading comprehension strategies, including summarizing, comparing and contrasting, identifying major events, making inferences, and explaining how characters respond to events are reinforced. Paragraph development using complete sentences, topic sentences, supporting details, and conclusion sentences, will be emphasized. Enrollment is offered only to HBA students who have been recommended by their teachers and approved by the principal.

### Reading & Writing Review 4

For Students Entering Grade: 4 Time: 8:00–9:40

Skills that are developed include reading comprehension, summarizing, making connections, drawing conclusions, and identifying problems and solutions. Students also go through the writing process as they create their own stories and poems. Enrollment is offered only to HBA students who have been recommended by their teachers and approved by the principal, or by Elementary Admissions.

### Reading & Writing Review 5

For Students Entering Grade: 5 Time: 10:00–11:40

Skills that are reinforced in a reader's workshop model include determining themes/main ideas, making inferences, and drawing conclusions in both fiction and non-fiction text sets. Students will develop the quality of paragraphs and be introduced to various grammar patterns that can be applied to their writing. Laptops will be used to take students through the writing process. Enrollment is offered only to HBA students who have been recommended by their teachers and approved by the principal.

### Reading & Writing Review 6

For Students Entering Grade: 6 Time: 8:00–9:40

Skills that are reinforced include determining themes/main ideas, making inferences using textual skills that are reinforced in a reader's workshop model include determining themes/main ideas, making inferences, and drawing conclusions in both fiction and non-fiction text sets. Developing and writing quality paragraphs in expository form using various grammar patterns will be emphasized. Laptops will be used to publish writing. Enrollment is offered only to HBA students who have been recommended by their teachers and approved by the principal, or by Elementary Admissions. This class is highly recommended for newly-accepted HBA sixth graders in the fall.

### Super Study Skills

For Students Entering Grades: 5–6 Time: 8:00–9:40 or 10:00–11:40

Students learn strategies and skills to help build confidence and academic success. Listening skills, following directions, organization, time management, note taking, and test preparation techniques are developed. Hands-on activities provide opportunities for the application of skills.

### Writing Workshop

For Students Entering Grades: 5–6 Time: 10:00–11:40

Young writers will develop and strengthen important writing formats: opinion/argument, expository/explanatory, informative, and narrative, through daily skill-building activities and assignments. Grammar, punctuation, and vocabulary will be sharpened in the process.

## MATHEMATICS

**Common Core mathematics skills/concepts are reinforced and/or extended in most of these classes.**

### Math Explorations

For Students Entering Grade: 2 Time: 10:00–11:40

Incoming second graders explore a myriad of enriching skills and concepts: sorting, classifying, graphing, and diagramming to stimulate logical and critical thinking skills. Addition and subtraction within 20, whole numbers, and place value are also reinforced.

### Math Review 2

For Students Entering Grade: 2 Time: 10:00–11:40

Addition and subtraction fact families are reviewed. Place value, telling time, counting money, basic fractions, and word problem-solving skills are also strengthened. Enrollment is offered only to HBA students who have been recommended by their teachers and approved by the principal.

### Math Review 3

**For Students Entering Grade:** 3  
**Time:** 8:00–9:40

Addition and subtraction with re-grouping up to the 100th place value, memorization of tables up to 5x12 and related fact families will be reviewed. Strategies to solve word problems are reinforced. Counting money, telling time, and fractions will also be covered. Enrollment is offered only to HBA students who have been recommended by their teachers and approved by the principal. This class is also highly recommended for newly-accepted HBA 3rd graders in the fall.

### Math Review 4

**For Students Entering Grade:** 4  
**Time:** 10:00–11:40

*Everyday Mathematics* concepts/skills, including memorization of multiplication 6–12, related division facts, developing and applying strategies for problem solving, place value, and algorithms are reinforced. Enrollment is offered only to HBA students who have been recommended by their teachers and approved by the principal, or by Elementary Admissions. This class is also highly recommended for newly-accepted HBA 4th graders in the fall.

### Math Review 5

**For Students Entering Grade:** 5  
**Time:** 8:00–9:40

The focus of this class is on fractions, decimals, and percent. Addition, subtraction, multiplication, and division facts are reviewed. Problem-solving strategies, place value, rounding, area, perimeter, 2D/3D geometric shapes, and multiplication and division algorithms, are also reinforced. Enrollment is offered only to HBA students who have been recommended by their teachers and approved by the principal, or by Elementary Admissions.

### Math Review 6

**For Students Entering Grade:** 6  
**Time:** 10:00–11:40

A strong review of the four basic operations: addition, subtraction, multiplication, and division will be covered, along with a focus on fractions (adding, subtracting, multiplying, simplifying, and renaming to decimals), percent and order of operations. Enrollment is offered only to HBA students who have been recommended by their teachers and approved by the principal, or by Elementary Admissions. This class is also highly recommended for newly-accepted HBA sixth graders in the fall.

### Menu Math

**For Students Entering Grade:** 3  
**Time:** 8:00–9:40

Incoming third graders apply addition, subtraction, multiplication, simple fractions, and counting money in meaningful contexts, such as “shopping” and menu planning. Fluency in addition and subtraction, base ten notation, and standard units of measure are also reinforced.

### Summer Math 4

**For Students Entering Grade:** 4  
**Time:** 10:00–11:40

Incoming fourth graders will reinforce and extend their grade-appropriate math skills in addition, subtraction, and multiplication with regrouping, division with remainders, fractions and decimals, problem solving, and enrichment activities in geometry. Using a variety of manipulatives, students will keep their math skills sharp in preparation for the new school year.

### Summer Math 5

**For Students Entering Grade:** 5  
**Time:** 10:00–11:40

Incoming fifth graders will reinforce and extend their grade-appropriate math skills in addition and subtraction with regrouping, multi-digit multiplication and division, addition and subtraction of fractions, problem solving, and enrichment activities in beginning algebra. Students will keep their math skills sharp in preparation for the new school year.

### Summer Math 6

**For Students Entering Grade:** 6  
**Time:** 8:00–9:40

Incoming sixth graders will reinforce and extend their grade-appropriate math skills in addition and subtraction with regrouping, multiplication and division by two-three digits, multiplication and division of fractions, decimals and place value, problem solving, and enrichment activities in probability and statistics. Students will keep their math skills sharp in preparation for the new school year.

## MUSIC

### Drum, Rhythm & Roll!

For Students Entering Grades:  
4-6

Time:  
8:00-9:40

Come and discover the joy of creating music and have fun turning ordinary items into homemade instruments. Musical exploration will be presented in a unique way where students will be given the opportunity to learn rhythm and basic drumming through utilizing buckets, bottles, drumsticks, and more. Students may showcase their talents in a Summer School chapel service. Drumsticks are required.

### Strum!

For Students Entering Grades:  
2-3

Time:  
10:00-11:40

Learn the basics of our favorite local instrument in this beginner class, which will cover tuning, holding and fingering, reading notation, playing basic chords, strumming and picking, and playing and singing simple songs in English and Hawaiian. Students may showcase their talents in a Summer School chapel service. Tuition includes the use of a school ukulele to play in class, only. Students may also provide their own instrument.

## PE/RECREATION

### Boys Basketball Clinic

For Students Entering Grades:  
4-6

Time:  
10:00-11:40

Basic fundamentals of dribbling, passing, shooting, offensive and defensive skills are developed, along with an understanding of general rules and procedures of the game. Drills will be used to improve speed, agility, and flexibility. Teamwork, sportsmanship, and leadership are encouraged through lively games. Priority enrollment is offered to HBA students who are interested in playing in the Christian Schools Athletic League in the fall or future.

### Girls Volleyball Clinic

For Students Entering Grades:  
4-6

Time:  
8:00-9:40

Basic skills of passing, setting, spiking, and serving are developed, along with an understanding of general rules and procedures of the game. Drills will be used to improve speed, agility, and flexibility. Teamwork, sportsmanship, and leadership are encouraged through lively scrimmages. Priority enrollment is offered to HBA students who are interested in playing in the Christian Schools Athletic League in the fall or future.

## SCIENCE

### CSI: HBA

For Students Entering Grades:  
4-6

Time:  
8:00-9:40 or  
10:00-11:40

Become a CSI (Crime Scene Investigator) and solve intriguing mysteries involving robberies, sabotage, and more! Investigate suspects, their alibis and motives. Develop deductive reasoning skills, learn to take notes and organize data. Analyze evidence such as fingerprints, footprints, handwriting, hair, fibers, etc. Learn forensic science skills in the process.

### Maker Zone

For Students Entering Grades:  
2-3

Time:  
8:00-9:40 or  
10:00-11:40

Creativity, problem-solving, exploratory learning, and critical thinking will be encouraged through projects built with provided and/or recycled materials. Students will become "makers" in hands-on projects to stimulate STEM (science, technology, engineering, math) skills and concepts. Projects may include cars, catapults, roller coasters, rockets, parachutes, student creations, and more!

### Simple & Powered Machines

For Students Entering Grades:  
5-6

Time:  
8:00-9:40 or  
10:00-11:40

Students will be provided with everything needed to begin investigating and understanding simple machines, structures, and mechanisms. LEGO technic elements will be used to create a broad range of models that cover concepts such as: units of measure, motion, force, energy, gear trains and structures. Motors will also allow students to build self-propelled machines. LEGO models using pneumatics will be studied as time permits. Class will be taught by a retired mechanical engineer who is currently a physics teacher.

### STEM Stretch

For Students Entering Grades:  
4-6

Time:  
8:00-9:40 or  
10:00-11:40

Exposure to STEM (science, technology, engineering, math) concepts is important in 21st century learning. Creativity, problem-solving, exploratory learning, and critical thinking will be encouraged through projects constructed with provided and/or recycled materials. Projects may include balloon and rubber band cars, paddle boats, bottle racers and rockets, marble runs, student creations, and more! Students will stretch their STEM skills in this engaging, hands-on class.

# SUMMER SCHOOL 2017

## ELEMENTARY CLASS TABLE

Classes are scheduled from 8:00–11:40, the first at 8:00–9:40 and the second at 10:00–11:40. **Students in Grades 2 through 6 must select TWO classes from the list below. TUITION: \$430 (GRADES K–6)**

## SUMMER ADVENTURES

### Entering Grades K–6

An exciting Summer Adventures program is available at the Elementary campus for students entering grades Kindergarten through 6. In addition to our regular program, karate, piano, hula, and ballet are offered as elective enrichment/recreational experiences. The goal of HBA's Summer Adventures is to enhance students' personal growth, provide opportunities for character and social skills development through group/individual activities, and to promote purposeful play.

HBA's Summer Adventures program sessions A, B, and C are designed to encourage students entering grades K-6 to explore and grow through many planned activities and events. Activities include arts and crafts, field trips, music and movement, science and nature, sports and games, stories and drama, and presentations by community organizations and businesses. Three fun-filled sessions are offered during the Summer Adventures program and students have the option of enrolling in all or any combination of the three sessions.

A well-rounded program helps children reach their physical, mental, social, and emotional potential. The strength of our program is in our staff of trained, dedicated, and enthusiastic leaders who make all the difference.

## Schedule

---

The Summer Adventures program is offered to students entering grades K–6 during the following sessions at the Elementary campus:

### **SESSION A**

*June 5–June 14 (7:00 a.m.–5:30 p.m.)*

**TUITION: \$330**

### **SESSION B** *(This session runs directly after Summer School ends.)*

*June 15–July 7 (11:40 a.m.–5:30 p.m.)*

**TUITION: \$495**

### **SESSION C**

*July 10–July 14 (7:00 a.m.–5:30 p.m.)*

**TUITION: \$235**

***Summer Adventures including enrichment classes are not in operation on June 12 (Kamehameha Day - observed) and July 4 (Independence Day).***

## Registration & Payment

---

Students can enroll in HBA's Summer Adventures program (in one or any combination of the three sessions) through online registration.

**DEADLINE TO REGISTER IS FRIDAY, APRIL 28 (\$30 Late registration ends on May 26).**

### **WITHDRAWALS/REFUNDS**

Once space is reserved and payment is made, tuition is refunded for Summer Adventures as follows:

*Session A: 75% refund until May 19–no refunds after this date*

*Session B: 75% refund until May 26–no refunds after this date*

*Session C: 75% refund until June 2–no refunds after this date*

*Please allow 2-3 weeks to process refunds*

## **SESSION A & C CHECK-IN**

Parents must sign in their children at the cafeteria during Sessions A and C.

## **SESSION B CHECK-IN**

Students entering grades 3-6 report immediately to the cafeteria after Summer School classes end at 11:40 a.m. Students entering grades 1-2 will be picked up at their classrooms and escorted to the cafe. Kindergarten students are escorted to lunch by their Summer Adventures leader. For students not enrolled in Summer School, parents will need to check in at the front table everyday between 11:40-11:50 a.m.

## **CHECK-OUT**

Parents must sign their child out upon check-out. Individuals other than parents must be listed on the child's pick-up information form before he/she is released to those individuals. For safety reasons, parents and guardians must be prepared to show identification during the first few weeks of Summer Adventures while the staff becomes acquainted with everyone.

## **DROP-IN SERVICE**

**There is no drop-in service during the summer.**

## **AFTERNOON ENRICHMENT ONLY**

Students enrolled in afternoon enrichment and recreational programs but not in Summer Adventures are required to be escorted by a parent or responsible adult to the cafeteria no earlier than 5 minutes before class. Parents are expected to pick up their students from class as soon as it ends. If parents wish to wait with/for their child before and during class, they must stay in the designated area of the cafeteria as determined by the coordinator. Students must leave campus as soon as class is over.

## **FIELD TRIPS**

Students enrolled in Sessions A, B, and C participate in weekly field trips. Outings may include ice skating, miniature golf, bowling, movies, and a variety of other exciting activities. Parental permission to attend field trips are noted on the Summer School registration form. Students are required to wear their Summer Adventures t-shirt on all field trips.

## **SUMMER BLAST**

Students enrolled in Session B will celebrate the end of the session with bounce houses, rides, food, and other activities at our annual Summer Blast event.

## **HEALTH CARE SERVICES**

Health care services are available to students who are injured or become ill during school hours. The Health Room is staffed by a school health aide. Parents must include their child's medical conditions and allergies on registration form.

## **KINDERGARTEN SCHEDULE**

The Kindergarten group has an hour of rest time after lunch, unless there is a scheduled field trip or planned event. Kindergarten students should bring a blanket/ sleeping bag and a complete change of clothes (labeled and bagged) to the Summer Adventures Program.

## **LATE PICK-UP FEE (AFTER 5:30 P.M.)**

The Summer Adventures coordinator remains present until all students have been picked up by their parents. A late fee of \$20 per 15 minutes is charged between 5:30 and 6:00 p.m. and \$30 per 15 minutes after 6:00 p.m. (or any fraction thereof). Payment is due at time of pick-up.

## **SNACK AND LUNCH**

During Sessions A and C, morning and afternoon snacks are provided daily. Afternoon snacks are served daily for Session B students. Parents need to provide their child with a home lunch. Students entering grades 2-6 may purchase lunch items at the snack bar. Items generally range in price from \$1.00 to \$4.00. Cash or HBA student IDs will be accepted as payment.

## **T-SHIRTS**

The Summer Adventures tuition includes two t-shirts per child if they are enrolled in Sessions A and/or B; if child is enrolled in only Session C, one t-shirt will be issued. **Students are required to wear this t-shirt on all field trips.** Parents will need to purchase a t-shirt if child is without one on a field trip day. Parents must indicate their child's shirt size on the registration form. Additional t-shirts may be available for purchase at the beginning of Session A and Session B (limited supply and sizes). Payment is due at time of purchase.

## Summer Adventures Enrichment Programs

HBA offers afternoon enrichment programs in karate, ballet, hula, and piano. **Parents should directly contact the respective instructors via phone or email as listed for more information, registration forms, and scheduling.** Tuition appears under each class description, and checks should be made payable to the respective program, not HBA, and mailed directly to the instructor. HBA will not be responsible for registration forms, tuition payments, scheduling of classes, and/or communicating parents' requests to instructors. **Online registration for these classes is not available.**

### Dance Island

**Director:** Laura Kunimura **Phone:** 228-3743  
**Email:** danceisle@aol.com

*Founded in 1987, Dance Island offers a balanced, well developed dance training program in ballet and creative movement. Classes will begin on Thursday, June 15.*

### Creative Movement/Pre-Ballet

Entering Grades:	Time:	Date:
K-6	2:00-3:00	June 15-July 6 T, Th

Creative movement classes are an important first step in a child's understanding of self-expression, movement, and the art of dance. Children are encouraged to explore and experiment with new ways of moving in pre-ballet, modern, and jazz dance. Students learn basic dance elements and are given the opportunity to experience the joy and freedom of self-expression through movement.

**TUITION: \$80** (6 lessons)

### Karate For Jesus Christ

**Director:** Alton Nadamoto **Phone:** 564-2516  
**Email:** altonn@servco.com

Entering Grades:	Time:	Date:
1-6	2:45-3:45	June 15-July 6 T, Th

Students learn the fundamentals of Shotokan style of karate that is officially recognized in Japan. Multiple stretching techniques as well as coordination exercises are included. Self-esteem, self-confidence, and self-discipline are encouraged.

**TUITION: \$80** (6 lessons)

### Musical Adventures

**Director:** Shirley Yoshida **Phone:** 753-4724  
**Email:** musicaladventures@yahoo.com

Piano lessons are arranged and based on teacher/ space availability from 12:30-5:30 p.m.

### Preparatory to Piano I – Kindergarten

Entering Grade:	Time:	Date:
K	Hrs. arranged	June 15-July 6 (see above)

"Player-friendly" approach to the keyboard/piano. Gentle introduction to the keyboard, reading and writing non-staff notation, rhythm sense and notation, five-finger hand position, identifying keyboard landmarks and names of keys, keyboard pieces in C and G. Course includes stories, games, coloring, and songs. Access to keyboard/piano is recommended.

**TUITION: \$170** (8 lessons)

### Preparatory to Piano II - Grade 1

Entering Grades:	Time:	Date:
1	Hrs. arranged	June 15-July 6 (see above)

"Player-friendly" approach to the keyboard/piano. Gentle introduction to the keyboard, non-staff pitch and rhythm notation with gradual introduction to staff notation, names of keys, aural training, keyboard pieces in middle C position. Age-appropriate, illustrated materials. Access to keyboard/piano is recommended.

**TUITION: \$170** (8 lessons)

### Piano Lab I

Entering Grades:	Time:	Date:
2-12	Hrs. arranged	June 15-July 6 (see above)

Gentle introduction to keyboard, reading and writing staff notation, rhythm notation, learning names of keys, keyboard pieces in middle C position. Age appropriate, illustrated materials. Access to keyboard/piano is required.

**TUITION: \$170** (8 lessons)

## Piano Lab II

Entering Grades:	Time:	Date:
2–12	Hrs. arranged	June 15–July 6 (see pg. 15)

---

Continuation of keyboard/piano studies for the non-beginner with previous study and experience on keyboard and piano performance. Pre-requisite: previous study at the piano.

**TUITION: \$170** (8 lessons)

## Ululani Zuttermeister's Hula Studio

*Director: Ululani Zuttermeister    Phone: 808-386-0567  
Email: ulublack@yahoo.com*

## Hula Summer Explorations

Entering Grades:	Time:	Date:
K–6	1:00–2:00	June 15–July 6 T, Th

---

Students develop an understanding of the basic movements and terminology of the hula. Poise, self-confidence, and musicality are all developed, as well as an appreciation for Hawaiian music and culture.

**TUITION: \$120** (6 lessons)

## SUMMER ADVENTURES 2017

*NOTE: No enrichment classes on July 4.*

## MIDDLE & HIGH SCHOOL CAMPUSES

### Entering Grades 7–12

**HBA's Middle/High Summer School** for grades 7–12 offers a variety of academic and enrichment courses, in addition to fine arts and recreational classes. Credit courses are in session for four weeks, and non-credit classes meet for three weeks. \*HBA students must receive approval to enroll in credit courses if indicated. Priority enrollment for specific courses is given to students who have been recommended as noted.

\*Enrollment in most credit and review courses is limited to HBA students only.

## MIDDLE/HIGH SCHOOL

## General Information

The schedule for Summer School is as follows:

**Non-credit courses (three weeks): June 15–July 7**

**Credit courses (four weeks): June 15–July 11**

Courses will be held at both the middle and high school campuses. Students have the option of enrolling in up to three courses. Non-credit and credit morning courses are offered as well as afternoon courses.

Middle and high school students may be dropped off no earlier than 6:30 a.m. at the Hawaii Baptist Academy Dan Kong Campus (middle school) or Stan Sagert Campus (high school), depending on where their first course is held. Students should not be dropped off on the grounds of neighboring churches, businesses, homes, nor at the corner of Nuuanu and Wylie Streets. Students are expected to remain on campus from the time they arrive until their last course is dismissed. Once dismissed, students must leave the campus. Loitering on campus is not permitted and HBA is not responsible for unattended students.

### ATTENDANCE

Due to rigorous instruction within a limited time period, HBA expects students to be regular and punctual in attendance. One day in an academic credit course during Summer School is equivalent to at least one week in a regular semester.

Parents or guardians must call the School Office (595-6302) by 8:00 a.m. (or before the start of a student's first class if the student is not in an 8:00 a.m. class) to report a student's absence. If an absence is anticipated, parents should notify the School Office by phone or in writing at least one day in advance.

A student may leave campus before his/her last course is over only with written permission from a parent or guardian and approval by the Summer School Principal.

### EXCUSED ABSENCES

The Summer School Principal's decision as to whether an absence is excused or unexcused will be final. Absences for illness, urgent medical care, funerals, and serious family illness will be excused. It is the student's responsibility to request make-up work from a teacher when absent for an excused reason. Even when absences are due to illness, each student enrolled in a credit course must attend a minimum of 80% of class time to receive credit. (No more than 3 days of absences.)

### EXCUSED ABSENCES

Unexcused absences include, but are not limited to, vacation trips, camps, athletic tournaments, matters relating to driver licensing, job interviews, or other similar activities. Make-up work will not be given for unexcused absences. Students will receive a "0" for all work due or completed during the unexcused absences. (Long-term projects may be accepted, subject to the grading policies of the teacher.)

### TARDINESS

Students are expected to report to class on time. Tardy students must report to the school office in order to enter class. Students with unexcused tardies and absences are subject to disciplinary action by the Summer School Principal.

## BEHAVIOR

Students are expected to behave appropriately inside and outside the classrooms and to treat teachers, classmates, and other individuals, as well as school property, with respect. All students found to be in violation of HBA's rules/policies (including expectations or actions which are reasonably considered to be counter to common sense and Christian values) are subject to disciplinary action as determined by existing HBA policies and practices. Detention may be given for violations of school rules.

**For incoming HBA 7th–12th graders, any detention, probation, or suspension that occurs during summer school will be applied in the next school year's first quarter. The same demerit system for middle and high school will be used.**

The following actions will result in an automatic suspension and severe consequences, including dismissal: illegal use or possession of a firearm or other weapon/misuse of any object in a threatening manner on or off campus; use or promotion of alcohol, illegal drugs and paraphernalia during the school day or at any school-related activity; use of tobacco or electronic cigarette during the school day or at any school-related activity; posing an immediate threat to the well-being of students or staff or to school property.

Other major violations include, but are not limited to: insubordination, vandalism, fighting, theft, academic dishonesty, harassment, bullying, cyberbullying, pornography, terroristic threatening, and possession of any pocket knife.

Skateboards, scooters, skates, etc. are not allowed on campus during school hours. Use of entertainment devices or any sound amplification device such as phones, iPods, laptops, portable speakers, etc. should not be used during school hours. Use of iPads, phones, earbuds, earphones, or other electronic devices should not be used during school hours unless required for classroom instruction.

All of the above actions/behaviors include, but are not limited to those stated; they are subject to the listing of behavior expectations and consequences in the current HBA Student Handbook.

## BOOKS / LAB FEES

Books, ebooks, lab supplies, materials, and activity fees are included in the tuition cost unless specified otherwise. Students who register during late registration may incur extra book fee charges.

## BREAK TIME

A morning break is scheduled daily from 9:55–10:05 a.m. Vending machines are available at the middle and high school campuses.

## CREDIT COURSES AND AUDITING

Credit courses are open to only HBA students, unless otherwise noted. A student may audit a credit course and waive grade and credit. The student and parent must sign a request form to be submitted upon registration. Once this request is submitted, it cannot be reversed. Call Supplemental Programs Office for a form.

## DRESS STANDARD

HBA uniforms are not required to be worn during Summer School. However, students are expected to look neat and clean and to wear appropriate attire. Offensive or extreme styles are inappropriate. Slovenly clothes; clothes advertising alcohol, tobacco, or drugs and clothes featuring obscenities; clothes bearing pictures and words with double meanings contrary to HBA's Christian values are unacceptable, as well as clothes which are too revealing (by HBA's standards), are unacceptable. Students should note that when wearing layered clothing, all garments must be appropriate. Students are expected to remove hats, caps, or other head coverings when entering any room on campus. Extreme hairstyles, including unnatural colorings (for that individual), are not acceptable.

Students arriving at school improperly attired will be referred to the Summer School Principal for follow-up consequences.

**Appropriate attire for girls** includes: collared shirts, blouses, fashion tees (no crew neck or ribbed necklines), tucked in tailed shirts, long pants, blue jeans, capri pants (length must be below the knee) and HBA uniform shorts. **Inappropriate attire** includes, but are not limited to: crew/ribbed neck t-shirts, oversized clothing, tank tops, sleeveless shirts, **shorts (non-HBA)**, frayed jeans, athletic pants, warm-up pants, sweat pants, bicycle pants, baggy pants, low-cut necklines or backs, tube tops, bare-midriff apparel, overalls, shortalls, tight-fitting apparel, faddish hairstyles or colors (see above), rubber slippers, bare feet, face-pierced jewelry, and visible tattoos.

**Appropriate attire for boys** includes: collared shirts, tucked in tailed shirts, long pants, blue jeans, and HBA uniform shorts. Hair must be modest in style and should be collar length or shorter. **Inappropriate attire** includes, but are not limited to: crew/ribbed neck t-shirts, oversized clothing, tank tops, sleeveless shirts, undershirts, **shorts (non-HBA)**, frayed jeans, athletic pants, warm-up pants, sweat pants, bicycle pants, baggy pants, faddish hair colors or hairstyles, rubber slippers, bare feet, face-pierced jewelry, and visible tattoos.

**HEALTH SERVICES AND REQUIREMENTS**

Health care services are available to students who are injured or become ill during school hours. A registered professional nurse provides and coordinates all health care services. Parents must include their child's medical conditions and allergies on registration form.

**PARENT / TEACHER CONFERENCES**

To schedule a conference with your child's teacher, contact the Summer School Principal. Teachers may also schedule conferences with parents to discuss students' progress, as needed.

**PARKING**

Student parking will be available at the Dan Kong Campus (Middle School) for a fee of \$30 for three weeks and \$40 for four weeks. Fill out forms and submit payment for parking passes in person at the Middle School Office. Passes must be paid for prior to the first day of Summer School. Students may also park on streets in surrounding neighborhoods.

**REPORT CARDS**

Report cards will be mailed within two to three weeks after the completion of Summer School. For HBA students, grades for credit courses are recorded automatically on a student's transcript. To request a copy of a report card to be mailed to another school, please call the Supplemental Programs Office or send a written request.

**PROGRESS REPORTS**

Progress reports are mailed mid-term for credited courses.

**SMOKING, DRINKING, OR DRUGS**

According to Act 68, smoking is prohibited on campus. Use of or possession of tobacco (any form), alcoholic beverages, or drugs on campus or on field trips is forbidden. Violation of this rule may result in dismissal.

**VISITORS**

All visitors must report to the security booth and obtain a visitor's card. Students not registered in Summer School are not allowed on campus unless authorized to do so.

# MIDDLE/HIGH SCHOOL PROGRAM

## COMPUTER

### 2D Game Development

Entering Grades:	Time:	Date:
7-9	12:30–3:00	June 15–July 7

Credit: None

Students will build a 2D game with Phaser framework in JavaScript programming language. They will create a game involving a player running and jumping around platforms to collect objects. While going through this process, students will learn the fundamentals of computer coding such as: creating player sprites, collisions, sound effects, text, HTML (HyperText Markup Language), CSS (Cascading Style Sheets) and JavaScript (the most widely used programming language in today's modern web). Students will learn professional industry best practices and techniques, how to write and execute code using a text editor, and how to debug their code using the Chrome Developer tool. Students will collaborate in teams to develop communication and cooperative skills and problem solve to identify issues, troubleshoot and communicate results. This course will be taught by an instructor from Dev League, Hawaii's first web developer coding boot camp. Join the ranks of professional web developers today.

**TUITION: \$575** (lab fee and supplies included)

### Intro to Photoshop

Entering Grades:	Time:	Date:
10–12	8:00–12:05	June 15–July 11

Credit: ½ credit

**Enrollment recommended for incoming seniors who need to fulfill their tech-intensive credit. Incoming juniors and sophomores who would like to complete this requirement may also register. Non-HBA students may enroll for no credit.**

*Introduction to Photoshop* is a semester course that focuses on artistic expression in the digital age by addressing the basic concept of photography digital imaging using Adobe Photoshop. Students are required to keep a portfolio showing their developing skills. This course qualifies as a tech intensive course required for graduation.

**TUITION: \$555** (lab fee and supplies included)

### Keyboarding

Entering Grades:	Time:	Date:
7–8	8:00–9:55 or 10:10–12:05	June 15–July 7

Credit: None

**Priority enrollment for incoming HBA 7th graders and newly-accepted HBA students.**

This course provides students with basic keyboarding, formatting, and word processing skills. Note: Every HBA middle school student is required to take *Keyboarding 7* (either during the school year or summer school) unless he/she tests out at a minimum of 25 words per minute.

**TUITION: \$230**

## FINE ARTS

### HBA Film Camp

Entering Grades:	Time:	Date:
7–12	8:00–12:05	June 15–July 7

Credit: None

*HBA Film Camp* is a three week, four hour a day filmmaking experience in which participants use 4K cameras and industry standard software & equipment to produce films. The camp covers all phases of production and includes screenwriting, storyboarding, production design, lighting & sound design, cinematography, visual & special effects, and editing. Student produced films will be entered in the Hawaii International Film Festival and will screen at HBA Arts & Film Festival in the spring.

**TUITION: \$475** (crew t-shirt and supplies included)

### Songwriting

Entering Grades:	Time:	Date:
7–9 10–12	8:00–9:55 10:10–12:05	June 15–July 7

Credit: None

This course will provide both new and experienced songwriters with the tools necessary to put their thoughts and ideas into song and refine their songwriting. Topics include lyric writing, understanding song form and function, melody writing, and harmony (setting your lyrics and melody to chords). Experience in songwriting is not necessary, nor do you need to be able to read music or play an instrument. Students will be required to have a notebook and a recording device (mobile phones, iPads, or other digital recorders) for this course.

**TUITION: \$230** (supplies included)

## Beginning Band

Entering Grades:	Time:	Date:
7-9	8:00-9:55	June 15-July 7

Credit: None

**Pre-requisite:** *Only incoming or current HBA students.*

Students will learn the fundamentals of playing an instrument. Successful completion of the course may lead to participation in either the Middle School Advanced Band or the High School Concert Band. No prior experience with playing an instrument is required. Instructor will assist with selection of instruments.

**TUITION: \$330** (*instrument rental fee, supplies included*)

## Middle School Band

Entering Grades:	Time:	Date:
7-9	10:10-12:05	June 15-July 7

Credit: None

**Pre-requisite:** *Only incoming or current HBA students that have at least a semester of band training/instrumental-playing experience.*

Reinforcement of the fundamentals of instrumental practice and performance, note-reading, and music theory will be provided to middle school students as they progress in their band experience for both individual and ensemble playing (with their selected instruments).

**TUITION: \$280** (*instrument rental fee, supplies included*)

## Wind Ensemble Foundations

Entering Grades:	Time:	Date:
9-12	12:30-3:00	June 15-July 7

Credit: None

**Enrollment is limited to HBA students who have registered or waitlisted for Wind Ensemble in the fall.**

This summer course will provide a foundation for success in Wind Ensemble. Training in students' selected instruments will include scales, sight-reading, and music theory.

**TUITION: \$345** (*instrument rental fee, supplies included*)

## HEALTH/RECREATION

### Summer Recreation

Entering Grades:	Time:	Date:
7-9	12:30-4:30	June 15-July 7

Credit: None

**NOTE:** *Students who have conflicts in schedule due to sports in the afternoon are advised not to take this course.*

A variety of recreational activities on and off campus is scheduled. Laser tag, bowling, hiking, mini-golf, beach play, movies, and trampolining may be some of the fun off-campus field trips. Games such as badminton, dodgeball, ultimate Frisbee, volleyball, basketball, and indoor hockey may be played in the school gym. Prepare to run, sweat and have fun!

**TUITION: \$405** (*entry fees, transportation costs included*)

### Weightlifting & Conditioning

Entering Grades:	Time:	Date:
9 - 12	8:00 - 9:55	June 15-July 7
7-8	10:10-12:05	June 15-July 7

Credit: None

This co-ed class teaches students to safely perform basic exercises using resistance equipment to improve their strength and conditioning. Topics include weightroom safety and etiquette, general and specific warm-up, functional anatomy and program design for general health and sports, sports nutrition and supplementation, and exercise technique. Specific exercise techniques will mostly be drawn from powerlifting, Olympic lifting, complexes and Strongman conditioning. Students will learn exercise techniques using barbell (Gr. 9-12 only), dumbbell, machine and bodyweight variations. Students do not need to have prior weightlifting experience but should be in good general health and willing to be an active participant. For those students entering or returning to HBA Middle School, passing this course will enable them to work out in the weightroom during the coming school year. The HBA weightroom is usually available only to students in Gr. 9-12. Instructor is a Certified Fitness and Nutrition Coach with the National Exercise and Sport Trainer's Association.

**TUITION: \$230**

## LANGUAGE ARTS

### Communication Skills

Entering Grades:	Time:	Date:
11–12	8:00–12:05	June 15–July 11

Credit: ½ credit

**Priority enrollment until April 9 for incoming HBA seniors who are required to take this course. After this date, incoming HBA juniors who are required to take this course may register on a first come, first served basis.**

*Communication Skills* is a semester course for HBA students entering grades 11 or 12. Successful completion of this summer school course results in ½ credit. Students will develop their interpersonal communication and public speaking skills as they receive constructive feedback on their volume/ enunciation, eye contact, poise, and dramatic interpretation.

**TUITION: \$515**

### Reading & Writing 7/8

Entering Grades:	Time:	Date:
7–8	8:00–9:55 or 10:10–12:05	June 15–July 7

Credit: None

This enrichment course is designed for students who are ready to read more challenging texts and write more complex, insightful essays. Emphasis will be placed on literary analysis and interpretation, three-level questioning, and other activities that lead to more insightful reading and writing.

**Tuition: \$240** (book fee included)

### Writing Review 7-9

Entering Grades:	Time:	Date:
7-9	8:00–9:55 or 10:10–12:05	June 15–July 7

Credit: None

**Enrollment is limited to current and incoming HBA students who have been recommended by the Elementary principal (Gr. 7), teacher, or Middle/High School Admissions Office.**

This course is designed for students who need more time practicing the various stages of the writing process, from prewriting to proofreading. Idea development and support, organization, sentence fluency, and grammar will be emphasized.

**TUITION: \$230**

## LIFE SKILLS

### Driver Education

Entering Grades:	Time:	Date:
9–12	8:00–9:55	June 15–July 7

Credit: None

This course fulfills the six-week, 30-hour **classroom requirement** of Hawaii's law, Act 175. The official State of Hawaii Driver Education curriculum is taught by a certified instructor. **A Hawaii Learner's Permit is NOT required to take this course, but a permit must be acquired at the time the Hawaii Department of Transportation Teen Classroom Certificate is issued, which will be at the end of this six-week time frame if the student satisfactorily completes all requirements (approximately three weeks after the end of this course on July 7).** The student's full name, birthdate, and permit number must be recorded and submitted to the Hawaii DOT at the time of issuance of the certificate. Also, any absences must be made up at an alternate school site. Behind-the-wheel training may be arranged for the required six hours with the instructor or other certified instructor at additional cost.

**TUITION: \$255** (textbook rental fee and materials included)

### Life Skills for Teens

Entering Grades:	Time:	Date:
7–9	8:00–9:55 or 10:10–12:05	June 15–July 7

Credit: None

Strong life skills will help teens to better manage their finances, have healthy lifestyles and relationships, and cope with issues in everyday life. A financial literacy unit will include lessons on budgeting, bank accounts, saving and investing money, and using money to help others. A personal unit on conflict resolution, dealing with stress, managing time, and other coping skills will help students to stay emotionally balanced. Finally, a unit on practical life skills will cover basic cooking, household maintenance (cleaning, laundry, ironing) and sewing.

**TUITION: \$255** (workbook and supplies included)

# MATHEMATICS

## Algebra 1A

Entering Grades:	Time:	Date:
9	8:00–12:05	June 15–July 11

Credit:  $\frac{1}{2}$  credit

**Pre-requisite:** successful completion of Pre-algebra with at least a C- or better and/or teacher recommendation for HBA students or Middle/High Admissions.

**Priority enrollment for recommended HBA students until April 9. This course is also open to non-HBA students based on available openings from April 10.**

Algebra 1A is a semester class in which students study functions as graphs, data sets, equations, and representations of linear, quadratic, and exponential relationships. They learn to manipulate expressions and solve equations using factoring, expanding, and simplifying. Emphasis is placed on modeling and analyzing linear relationships, including finding lines of best fit. Students work with systems of equations and will explore exponential growth in a study of sequences. The structure of the course is a balance between developing procedural fluency with deep conceptual understanding and adaptive reasoning.

**TUITION: \$545** (textbook rental fee included)

## Math Skills Review 7, 8

Entering Grades:	Time:	Date:
7	10:10–12:05	June 15–July 7
8	8:00–9:55	

Credit: None

**Grade 7: Priority enrollment until April 9 for current and incoming HBA students who have been recommended by the Elementary principal, teacher, Middle/High School Admissions Office, and/or Mathematics Department.**

**Grade 8: Priority enrollment until April 9 for current and incoming HBA students who have been recommended by the Mathematics Department or Middle/High School Admissions Office.**

This mathematics course is designed for students who want to sharpen their basic skills in working with integers, fractions, decimals, and percents. Students develop their ability to problem solve individually and as part of a learning team.

**TUITION: \$255** (textbook rental fee included)

## Trigonometry

Entering Grades:	Time:	Date:
11–12	8:00–12:05	June 15–July 11

Credit:  $\frac{1}{2}$  credit

**HBA students:  $\frac{1}{2}$  credit with approval from the Mathematics Department chairperson prior to registration.**

**Pre-requisite:** successful completion of Geometry as well as either a C- or better in Algebra 2-Honors or Algebra 3; or Math Department approval.

This course is a detailed study of trigonometry that includes right triangles, the unit circle, radian measure, the six trigonometric functions and their inverses, graphing, identities, and vectors.

**TUITION: \$540** (textbook rental fee included)

## READING AND STUDY SKILLS

### Reading Review 7, 8/9

Entering Grades:	Time:	Date:
7	8:00–9:55	June 15–July 7
8-9	10:10–12:05	

Credit: None

**Enrollment is limited to current or incoming HBA students who have been recommended by the Elementary principal (Gr. 7), teacher, or Middle/High School Admissions Office.**

This intensive reading program is designed for students who need more time to grow as readers. Through read-alouds, think-alouds, group discussions, and other activities, students will practice and strengthen their use of strategies that are essential for independent reading. A novel and several short selections will be used for this class.

**TUITION: \$240** (book fee included)

## SAT/ACT Prep

Entering Grades:	Time:	Date:
9–12	10:10–12:05	June 15–July 7

Credit: None

New for 2017, this in-depth course analyzes the redesigned SAT in a hands-on practice-&-review approach. Daily SAT sample tests are administered and reviewed for strategic alternatives to best raise reading, mathematics, writing, and grammar scores. The equally important ACT is analyzed to give students an even stronger grounding in test prep. In addition, this highly challenging course includes vocabulary quizzes utilizing an SAT vocabulary-building novel, as well as individual and group logic, crossword, and math puzzles. Extensive daily homework will be assigned and strong student commitment is expected. A detailed report of student scores and analysis of student performance will be given. Hawaii's premier SAT author and instructor, Raymond Karelitz, will teach the course.

**TUITION: \$330** *(all materials included)*

## SCIENCE

### Maker Camp

Entering Grades:	Time:	Date:
7–9	8:00–9:55 or 10:10–12:05	June 15–July 7

Credit: None

Maker Camp promotes creation, invention, and building through projects that develop STEM (science, technology, engineering, math) concepts and skills. These projects are designed to inspire inventors and artists to "build it, try it and fix it". Explore movement with traditional mechanical techniques, create way-out sound, and get inspired by making things that go. Projects may include robots, cars, a cannon etc. Depending on availability, campers may join virtual field trips.

**TUITION: \$260** *(most supplies included)*

## Space Robotics

Entering Grades:	Time	Dates:
7–9	12:30–3:00	June 15–July 7

Credit: None

Embark on a simulated robotic adventure with our crew of deep space terraformers. Train on a space shuttle, visit a series of moons to practice your skills, and land on the planet Pantheon to terraform/transform it into a habitable environment for human life. Design, build, and program robots using LEGO MINDSTORMS NXT sets. Develop STEM concepts (science, technology, engineering, math) and critical thinking as you problem solve your given challenges with hands-on projects.

**TUITION: \$295**

\* Most credit and review courses are limited to HBA and newly-accepted students.

## HBA ONLINE CREDIT RECOVERY Entering Grades 7–12

We are pleased to offer **Online Credit Recovery courses** as part of our Summer School program. Credit Recovery courses give students the opportunity to repeat a course to improve their grades. Any student who has taken a traditional or online course and was not academically successful may enroll in a Credit Recovery course to earn a credit. All are Biblically integrated to challenge students academically as well as spiritually.

**Note for Current and Entering HBA Full-time Students:** *In general, these Online Credit Recovery courses are not intended for full-time HBA students, as they meet their high school graduation requirements in the face-to-face full-time program. At this time, the only exceptions would be Geometry or Algebra 2 with special permission from the Mathematics Department.*

## ONLINE CREDIT RECOVERY COURSES

### General Information

May 8–July 14

The schedule for Summer School Online Credit Recovery courses is as follows:

**Course Length: Maximum 10 weeks**  
**Course Start Date: Monday, May 8, 2017**  
**Course End Date: Friday, July 14, 2017**

**TUITION: \$725 per course**

**Pre-requisite:** at least one attempt at the full course in either the traditional or online environment.

### GENERAL COURSE DESCRIPTION

Credit Recovery courses are designed around the main objectives of each course and gives students the opportunity to test out of lessons per module by taking pre-tests and showing mastery of learning objectives. The learning objectives students are required to meet are based on national standards for each course.

### COURSE EXPERIENCE

A qualified and ACSI certified teacher acting as a facilitator give students up to a maximum of ten weeks to complete the course. The student begins the course by taking a series of pretests. The pretest results will identify which standards the student has mastered and which standards within the course the student must still successfully complete. Information that the student has mastered will appear in his/her lesson list as assignments that are not required to be completed, but he/she does have access to review the material, if needed. A posttest is taken at the end of each module to ensure mastery of the material. If you wish to have a course syllabus, send request to [hbaonline@hba.net](mailto:hbaonline@hba.net).

### FAQs

#### Q: Who can take the courses?

A: Anyone who has previously taken a course and was not academically successful the first time may take that course. Credit Recovery courses cannot be taken for credit if the class has not previously been taken. Student is responsible to check with your school of record to determine if course and credits will be accepted.

#### Q: What if I need courses that are not on the list?

A: Any course that is not listed on the Credit Recovery list go to <http://hba.net/online> for complete program offerings.

#### Q: How do the courses work?

A: The student begins the course by taking a series of pretests. The pretest results will identify which standards the student has mastered and which standards within the course the student must still successfully complete. Information that the student has mastered will appear in his/her lesson list as assignments that are not required to be completed, but he/she will have access to review the material, if needed. A posttest is taken at the end of each module to ensure mastery of the material.

#### Q: Do the courses engage students with multimedia, weblinks, and Biblical integration?

A: All courses are equipped with multimedia and additional weblinks to enhance learning. Biblical integration has also been incorporated, so all the courses are delivered from a Christian worldview.

**Q: How long will the course last?**

A: Students can set the pace up to a ten week timeframe. After the ten week time period, there can be no extensions. Parents or schools have the option of selecting dates that coincide with their summer school or they can use the entire ten weeks. Students will create a pace chart that allows them to work at an individualized pace, as long as all work is completed before JULY 14, 2017. Students must be willing to devote at least 90 minutes every day to working in the course in order to complete on time.

**Q: Will the credits recovered through this Credit Recovery program be accepted by the NCAA (for elite athletes)?**

A: Courses that allow students to exempt out of work are not accepted by the NCAA. We do offer NCAA compliant online courses at HBA's regular online program at <http://hba.net/online>.

Note: Credit Recovery courses are not approved for prospective NCAA athletes. A regular online course must be taken instead; please contact HBA Online.

**Q: How is the integrity of the program kept intact?**

A: All pretests, posttests, and final exams must be proctored. Schools or parents must be willing to provide a proctor for these tests. The same expectations for integrity are expected as in any other Christian school.

**Q: How many credits can one earn by taking a Credit Recovery course?**

A: Students can earn up to a full credit for each of the courses. They must check with their school of record if the course will be accepted for transfer upon satisfactory completion.

**Q: What textbooks or materials will the students need in the Credit Recovery courses?**

A: The courses will be delivered in an online format and are available 24 hours a day, 7 days a week. Once the student is enrolled, he/she will need access to a computer with a reliable internet connection. The courses do not have accompanying textbooks, but some courses may require additional reading material that can be checked out from a library or purchased at a bookstore.

**Q: How will the students in the Credit Recovery course be supported in their learning?**

A: Each student will be matched with a certified teacher for that subject area who acts as a facilitator. These teachers will be available to answer questions, grade assignments, and help students keep accountable for their assignments. It is possible that a local tutor may be required for the student to be successful.

**Q: What if I realize the student doesn't need the Credit Recovery course after he/she is enrolled?**

A: Because all of the costs for the course are paid up front, there can be no refunds for a Credit Recovery course.

## HBA ONLINE

### Entering Grades 6–12

Welcome to HBA Online! We are happy to announce the addition of the following online courses for motivated and self-directed part-time students. We have available more than 90 fully online courses for entering 6th to 12th grade students. Each course gives students a rich online learning experience and is integrated with a Christian worldview. Partnership with the industry's leading online course developers offer many courses with an optional honors track, which would be challenging to advanced students. Students enjoy the convenience of being able to learn anywhere, anytime, and at their own pace, meeting academic needs whether it is scheduling, remediation or acceleration.

For more information and to register for courses, go to <http://www.hba.net/page.cfm?p=2899> to view: [Course Registration Steps](#) and [FAQs](#). The [Course Catalog and Description](#) will provide a description and course pre-requisites. To experience online learning, send in a request at [Course Preview](#).
